CANYON, TEXAS, THURSDAY, AUGUST 13, 1931

NUMBER 21

## BUFFALO BILL PASSES BOTH HOUSES AUG. 12

### FIVE CANYON MEN VISITED RANCH SUNDAY.

#### Amendment Requires Donation of Land to Keep Buffalo Herd On.

The Legislature passed a bill authorizing the condemnation of the Goodnight buffalo herd by the State Game, Fish, and Oyster Commission, late Wednesday, after an amendment was added providing that the buffalo could be purchased only if suitable land to keep them on is donated for that purpose.

Some of the proponents of the buffalo campaign are going to work strenuously in attempt to bring about the purchase of the Goodnight ranch.

Accompanied by delegations of men from various Panhandle towns, including Amarillo, Canyon, and Clarendon, the State Game, Fish, and Oyster Commission visited the Goodnight Ranch to view the buffalo herd which was announced several weeks ago would be killed in a big hunt this fall.

"Members of the Commission, as well as Fred Haskett who is promoting the campaign to save the buffalo, have declared that they would not consider any proposition of preserving the buffalo unless the Goodnight Ranch was furnished as a preserve. It was said that the ranch and buffalo herd are heavily covered by a mortgage, payment of which is due soon," Fred Wortham who made the trip to Goodnight said.

J. I. Staley and Chester Wynne, owners of the ranch and the buffalo, ask \$20,000 for the 219 buffalo and \$126,500 for the 11,500 acres in the ranch of which less than 2,000 acres are suitable for agricultural purposes.

Those making the trip from Canyon were: Travis Shaw, Fred Wortham, J. A. Hill, L. N. George and Ray V. Davis.

## Kunze Talks to Rotary Club on Fellowship, Tues.

Rev. W. C. Kunze was the speaker at the luncheon of the Rotary Club Tuesday noon. His subject was "The Foundations of Fellowship."

Sincerity, honesty, and integrity are the basis for fellowship and friendship between man and man or between groups of men whether large or small. Mr. Kunze said. He went on to say that the main trouble in Canyon is that real fellowship is lacking for a good many people because all will not deal honestly with themselves and with others. If they did there would be more friendliness among Canyon's business men and other citizens.

As an illustration of this lack of sincerity, Mr. Kunze pointed out the type of man who rails against those who buy goods, bargains perhaps, from other towns and from mail order houses but who patronizes both places himself.

Visiting Rotarians were: Law Sone of Panhandle; E. F. Bryan, Frank Storm, Arthur Osgood, Arch Hunsley, H. C. Persons, all of Amarillo; and A. D. Cummings of Floydada. Guests were: C. C. Stewart and H. A. Ferguson of Amarillo, and K. Fink.

## Canyon Baseball Team Wins From Pampa, Score 5-1

The Canyon baseball team won the game played with the Pampa Oilers at Gulf Park in Pampa last Sunday. The score was 5 to 1.

Strain, Canyon pitcher, allowed the Oilers only two hits. Ellis pitched for the Oilers, allowing the Canyon men only seven scattered hits.

Weathered, former Pampa player, got the only extra hit for the Canyon team. He scored two of his team's runs as well as catching a sensational game. McInnis was the star in the field, taking everything that came his way.

The score by innings was:  
Canyon 102 010 001—5 7 3  
Pampa Oilers 000 000 010—1 2 3  
Batteries for Canyon: Strain and Weathered, and for Pampa, Ellis and Kelly.

Fred E. Wilson, lawyer and lecturer from Houston, and R. O. Leytham of Amarillo visited Dean R. P. Jarrett at the College Tuesday. They went through the Panhandle-Plains historical collection and viewed the remains of the mastodon.

## Light Company Reduces Rates For City Work

Effective August 1, the Texas Utilities Company has made an announcement which will reduce for a period of one year the cost of street lighting in Canyon to one half the cost prevailing on and prior to August 1.

The rate for service to the public schools is also cut to the amount of 75 per cent. The Utilities Company has also cut the cost to the city of pumping the city's water supply to the amount of two cents per kilowatt hour, with the understanding that if the Legislature or any other lawful body should impose any tax on or affecting said service, increasing the cost of furnishing the same, such tax shall be added to and become part of said rate and paid by Canyon, it being understood that this does not apply to pumping done at Texas Utilities Company wells.

Based on 1930 consumption, these reductions amount to a saving of \$1564.50 a year for street lighting, \$493.90 a year for water pumping, and \$138.81 for school lighting; the total saving would amount to \$2197.21.

A committee of citizens of Canyon has passed a resolution to the Texas Utilities Company thanking them for their voluntary action. Those signing the resolution were: R. A. Bellah, R. P. Jarrett, Grady Oldham, C. H. Jarrett, T. C. Thompson, and C. N. Harrison; it was attested by Harvey Cash, city secretary.

## Fair Exhibits of Panhandle Are Complete

Exhibits of the Panhandle of Texas, Inc., will leave Amarillo, Aug. 15, in a tour to convince the people of other states of this region's advantages in agricultural, industrial, educational and transportation facilities.

The exhibits will be shown at 12 state and sectional fairs over the middle west, south and southwest. It is planned to have two trucks to carry the exhibits over the country. The Missouri State Fair at Sedalia will be the first exposition visited by the Panhandle's "talking picture."

The composite exhibit was prepared by H. M. Luna, exhibit manager of the Panhandle of Texas, Inc. Weeks were spent in actual construction and months were required to gather the material.

Thirty-two counties of Northwest Texas are represented.

Little change has been made in the lay-out of the display material from the one used last year. However, everything used in its construction is new, thus assuring an attractive appearance.

The agricultural division of the exhibit is composed of samples of rye, barley, wheat, oats, alfalfa, hegar, kafir, feterita and milo.

Oil, gas, helium gas, carbon black, cotton seed oil, cotton oil cake and cotton hulls are exhibited in the industrial division.

Photographs of the Panhandle's educational institutions are attractively displayed on a large section at the rear of the exhibit. Northwest Texas State Teachers' College at Canyon, Amarillo College and the Price Memorial College are included in this group. Also a map showing the average type of rural schools in this region.

Transportation is depicted by a map of all state and federal highways leading into Amarillo and crossing the Panhandle counties. Railway and air lines also are shown.

Samples of fruits and vegetables, both fresh and canned, are included in the lay-out.

The background for the entire arrangement is a large map of Texas with the 32 Panhandle counties blocked off, picturing the major activities of each. Cattle, both beef and dairy types, are pictured in the counties where each of these activities are foremost.

Exhibits of the Panhandle of Texas, Inc., always have made a creditable showing in past years. They have been placed side by side with those from Canada, Florida and California, thus establishing a precedent for other smaller exhibitors in the class with the Panhandle region.

### MARRIAGE LICENSE

W. T. Holland and Miss Ruby Arnalda Lain filed an application August 8, for marriage license and a notice of intention to marry. Diamonds and wedding rings. E. Burroughs, jeweler.

Mrs. G. G. Foster, Mrs. Clyde McElroy and Mrs. Wm. Ash returned Sunday morning from a vacation trip to California.

## CANYON PUBLIC SCHOOLS OPEN MONDAY, SEPT. 7

### COMPLETED LIST OF TEACHERS ANNOUNCED.

#### Teaching Staff Will Consist of Thirty Members; Few Changes Made.

With the date for the opening of the public schools of Canyon only a little more than three weeks off, the faculty of the school system has been completed and plans are being made for the Institute which will precede the opening of the schools, September 7.

Irby Carruth was re-elected superintendent for 1931-32 several months ago.

T. H. McDonald is principal of the high school for another year.

The following is the faculty for the high school: Edgar Brady, coach and physical education director; Mrs. Edgar Brady, home economics; Miss Ethlene Murrell, history; Miss Jewell Foster, Spanish and history; Miss Mattie Jordan, Latin and English; Miss Margaret Dickenson, English; Miss Lois Goodrich, English and physical education; Miss Grace Clark, mathematics; Ole T. Barker, manual training and Aubrey Fox, science.

Miss Goodrich is transferred to the high school from the grade school, where she taught for the past term. Miss Murrell, who will succeed Miss Stella Rusk, head of the history department, comes to Canyon from Plainview, where she has taught in the Plainview Junior high school.

Mrs. Lee Foster was re-elected as teacher of the private music department, and Miss Adaline Strain, who has taught public school music and directed the high school band for three years prior to the past school year, will return to Canyon to teach public school music and direct the band again. She has been in Amarillo for the past year.

Mrs. C. E. Strain will serve as supervising principal of the grade school next year beginning her sixth year in that capacity. Other teachers in the grade school will be:

First grade: Mrs. T. W. Collins, Miss Thelma Thorpe and Miss Zonella McMurtry. Second grade: Mrs. Stella Murrell and Mrs. Ola Beason. Third grade: Miss Irene Crawford and Miss Gadya McClanahan. Fourth grade: Miss Erin Gamble and Miss Anna Smith.

In the departmental work Mrs. John Davis will teach arithmetic; Mrs. L. M. Cousins, reading and Miss Dorris Louder, English, expression in the grades, and public speaking in the high school.

Miss Louder graduated from the College last spring, and is well known to the public of Canyon as an entertaining reader and public speaker. She has been active in the play productions of the College. Miss Louder will also teach pupils in private expression aside (Continued on last page.)

## President Hill Attends Regents' Meet at Alpine

President J. A. Hill of the College left Tuesday morning for Alpine, Texas, to attend a meeting of the Board of Regents.

The Board will continue business begun at the last meeting which was held in Galveston in June, and take up any matters incident to the close of the summer sessions of the various schools and to the opening of the schools in September.

The question of the accoustics of the auditorium at the College and of the paving around the campus will probably be brought before the meeting.

If any of the faculties of the colleges have any vacancies, these vacancies will also be filled, according to Dean R. P. Jarrett.

## Strip of Paving North of Canyon Laid Last Week

The only unpaved stretch of highway between Canyon and Amarillo was paved last week and is now open for travel.

The paving which is an experiment consists of gravel and an asphalt emulsion. It is a type which has never been used in Texas before.

If the paving is not satisfactory the Precote Sales Company of Des Moines, Iowa, who laid the test strip will bear the expense of the paving. If it is successful, it is probable that large amounts of this type of paving will be used in Texas, since gravel is much cheaper than the usual crushed stone base.

## Canyon Program To Be Broadcast During Fair Week

From Radio Station WDAG in Amarillo, a Canyon program lasting 20 minutes will be broadcast during the week of the Tri-State Fair. This will be sponsored by the Chamber of Commerce, Fred E. Wortham, secretary, announces.

Plans will be made during the next few weeks to select the talent to be used on this program. Each community is being offered a period of 20 minutes during the week of the fair in which to broadcast to the listening world in detail the advantages of the Panhandle. This is being sponsored jointly by the radio station and the fair association. During the fair the college band will also have an opportunity to appear in a program over the air, it is said.

There will be prizes offered for the best program put on by any community in the Panhandle. "Canyon is after that prize, and the biggest one on the list," Mr. Wortham declares.

Mrs. D. P. Clark of Hale Center is visiting her daughter, Mrs. Fred Wortham who has been ill for the past few days.

## DISTRICT COURT WILL FINISH UP CRIMINAL CASES

### GRAND JURY RETURNS EIGHT FELONY INDICTMENTS.

#### Eight Trials Completed Through Wednesday; Kerr vs. Crum Case Begins.

The Randall county grand jury had returned eight felony indictments through Wednesday of the second week of the District Court. Two of the charges are for forgery; two are for robbery; three are for violation of the liquor laws; and one charge is for automobile theft.

The civil cases will probably be started the early part of next week, since it appears that the criminal cases will be nearly finished this week.

The trial of H. C. Fields, indicted for violation of the liquor laws, has been set for Monday, August 17.

The trial of George Johnston, also indicted for violation of the liquor laws, has been set for Monday.

J. A. Moore, alias C. F. Bates, has been given a year in the penitentiary for possession of a whiskey still and 275 bottles of beer.

J. B. Crabb who was indicted for forgery was tried and found not guilty.

R. A. McDuff was given a year suspended sentence for forgery. There is one other indictment for forgery, but no arrest has been made early Thursday.

Floyd Thatcher who was charged with theft of an automobile was given a five year suspended sentence.

The trial of Alvin Hart, indicted in the January term of court, charged with assault with intent to murder Bob Barnett, was dismissed because of insufficient evidence.

The trial of Curtis Brown, who was indicted in the January term of District Court for violation of the liquor laws, was dismissed because of illegal search warrant.

Mrs. Elsie Money received judgment in her favor in the case of Mrs. Money versus Chickasha Cotton Oil Company.

A "hung jury" in the case of J. W. Miller versus Texas Utilities Company will necessitate another trial.

The trial of C. F. Kerr versus J. L. Crum which was tried in the January term of court with a "hung jury" began Thursday morning.

### JARRETT TO ADDRESS CLUB IN AMARILLO

Dr. R. P. Jarrett, Dean of the West Texas State Teachers College and head of the department of education, will lecture before the Junior Pierian Club of Amarillo on October 8 and 22. He has been invited to discuss some phases of child psychology. Dr. Jarrett gave two lectures before this club last year.

S. B. McClure transacted business in Pampa Monday.

## National Guard Encampment To End August 16

### Special to The News:

Camp Hulen, Palacios, Texas, August 9.—Company F, 142nd Infantry, T. N. C., commanded by Capt. William E. Lockhart, has successfully passed the halfway mark of the fifteen day encampment here. Under the leadership of the officers, Capt. Lockhart, 1st Lieut. Thomas H. McDonald, and 2nd Lieut. Delphin D. Lippard, the company has developed the highest morale that it has had in several years.

The food is all that is to be desired anywhere, in variety, quality and quantity. Even now this lowly reporter detects a stimulating aroma of frying chicken as the gentle sea breeze carries it thru the mess hall window. And he is also aware of the fact that ten gallons of ice cream occupies its death cell in the ice box, to be executed at high noon. A splendid war this is.

The work of the company has been very interesting so far. It has been composed of close order drill, scouting and patrolling, troop movement and shelter, protection from enemy fire, etc. Probably the most interesting thing given was a lecture and demonstration on chemical warfare. Instructions were given on three types of gas, the "irritant," the "incendiary," and the "killer." The irritant is a harassing gas, burning the body in all moist places and finally (Continued on page five)

## Church Meet To Be Held in Hereford Soon

Rev. L. R. Hudson will take part in the 1931 District 1 convention of Panhandle Christian churches, which will be held Sept. 8 and 9. The meeting will be in Hereford, with the First Christian Church there, under the pastorate of Rev. M. J. Johnson, as host.

Dr. Roy C. Snodgrass, minister of First Christian Church, Amarillo, is president of the convention. Sessions will begin at 1:30 in the afternoon on Monday, September 8, and will close on the following Wednesday afternoon.

Dr. E. M. Waits, president of Texas Christian University, will be one of the principal speakers on the program. Charles Marion Ross, regional superintendent of religious education for the Disciples of Christ in the Southwest, will also be one of the principal speakers. Dr. Snodgrass will give the president's address in the afternoon of the first day's session. H. A. Shaw, director of music and education of First Christian Church, Amarillo will be in charge of the music.

The convention welcome address will be given by the Hon. W. D. Dameron of Hereford, and the response by Dr. R. L. Rogers of Amarillo. Mrs. Berta McMasters, head of the Department of Women's Work of the State of Texas will be in charge of the woman's program in a part of the afternoon session of Tuesday. Mrs. W. E. Tomlinson, president of the General Women's Council of First Christian Church, Amarillo, will lead an open forum in the same session. Rev. John Mullen of Childress will conduct the devotional period at 1:40, Tuesday, opening the convention.

Dr. Henry, state secretary, will deliver the principal address of the session Tuesday night. Rev. F. W. O'Malley of Pampa will lead an open forum on Texas missions, following Dr. Henry's address.

Others taking part on the program will be C. L. Thomas, Pampa; Rev. George A. Weems, Shamrock; Rev. C. C. Morgan, Memphis; Rev. L. R. Hudson, Canyon; Mrs. Grace Guthrie, Hereford; Rev. Ferrell Fox, Amarillo; Rev. L. O. Byerly, Borger; Dr. J. B. Holmes, Ft. Worth; Rev. Ed S. McKinney, Amarillo; Rev. Z. B. Dalley, Tulsa; C. V. Allen, Crowell; Rev. Jasper Bogue, Spearman; Rev. H. H. Neely, Wellington, and Dr. W. N. Lemmon and Miss Hattie Mae Wood of Amarillo.

### OLYMPIC'S TALKING APPARATUS REPAIRED

Yale A. Globe, engineer from General Talking Pictures Corporation of Dallas, spent Saturday night and Sunday checking over and working on the talking apparatus at the Olympic Theatre.

The theater which was closed last week for a couple of days because of need for repairs, is now open and the machines are working at their best, according to Charles Donnell. Mr. Globe said that the trouble was caused by too big a load being carried by the amplifier.

Miss Frances Holman visited with friends in Canyon last week.

## C. OF C. BACKS BETTER CANYON PROGRAM AUG. 10

### REV. KUNZE HAS CHARGE OF COMMUNITY MEETING.

Band, Sharpe, Thompson, Cook, Hill Green, Jarrett and Barnett Take Part.

"Making Canyon the Best Possible College Town" was the theme of the community held Monday night under the auspices of the Chamber of Commerce and the College.

After several selections had been played by the College band under the direction of C. E. Strain, Rev. W. C. Kunze took charge of the meeting, stating that its purpose was to bring the citizenry of Canyon together to discuss common problems and to discover the assets and liabilities of the city.

Rev. J. R. Sharpe, who has recently come to Canyon from Dalt, was the first speaker, taking as his subject "The Churches and the College." Mr. Sharpe declared that the church has always been the mother of education and that ideally "All education is religious and all religion is educational," and that if Canyon is to be the best possible town the close cooperation of the churches and the college will have to help make it so.

"Business and the College student" was discussed by T. C. Thompson who stressed the necessity of maintaining high ideals in all business relations. Mr. Thompson said, "The business of a community is interlocked with every phase of its life. It is the privilege of the business man to assist people, young and old in the solution of their problems, and if business falls short of this it cannot be entirely successful." Mr. Thompson urged that business interests carefully analyze their difficulties and ventured the prophecy that usually such analysis would show that troubles come from within, more than from without.

Dr. Harris M. Cook, college dean (Continued on last page)

## Class Lessons In Piano to Be Resumed at W. T.

Class lessons in piano will be resumed in the Training School of the West Texas State Teachers College at the opening of the fall term.

This feature of the piano department has been carried on successfully for two years, and here as elsewhere is no longer an experiment, being an accepted course in the curriculum of most of our larger cities.

Class lessons in piano afford an opportunity for two years of beginning music study at an extreme low cost. Added to this are the advantages to be derived in interest and incentive to work generally found in group study.

Students will be accepted from the first four grades of the Training School in groups of four and six. Special fees for this instruction are \$5 per quarter for the first year's study and \$7.50 per quarter for the second year. These fees are payable in advance. It is hoped that the patrons of the Training School will take advantage of this opportunity.

## Canyon Golfers Beat Hereford; With Score 9-3

Winning the match with Hereford which was played here Sunday, August 9, the Canyon team remains tied for second place with Tulsa, with four more matches to be played. The score was 9 to 3.

The following men will compose the team which will meet the Happy team at Happy next Sunday: A. D. Weatherly, Law Sone, Jimmie Gamewell, T. V. Reeves, Ross Craig, Lee Foster, Ed Mickle, Oscar Gano, W. Savage, H. W. Hartman, J. L. Duflot, and Bill Bryant.

The men on the Hereford team were: J. J. Clark, V. T. Downs, J. A. Pitman, J. M. Posey, E. D. Fox, H. Clark, H. K. Fox, Nelson, A. A. Foster, H. L. Rice, Marrs and J. H. Patton.

Lee Foster is the only man on the Canyon team who has won every game he has played in the matches.

Miss Natalie Witte of Phoenix, Arizona, visited with the Peter Meyers family Wednesday evening. Miss Witte was on her way to Iowa where she will visit relatives.

**NECESSITY OR LUXURY**

By Bruce Canton

If the problems of charity are a little bit harder to understand now than they used to be, blame the automobile.

Having changed most other phases of our civilization, the auto has also done things to the old allied issues of poverty, crime and relief work.

In Cleveland the other day a man was arrested while siphoning gasoline from the tank of a parked car into the tank of his own machine.

It developed that he was a hitherto law-abiding citizen; an honest and industrious workman, who had been out of a job for a year or more and who was resorting to the theft simply because he had no money to buy gasoline of his own.

Here is a new twist to an old problem. The honest workman who is driven to crime by poverty, and steals a sack of groceries or snatches a purse in order

to keep his family from starving, is a stock figure of every business depression. Usually he gets lenient treatment, quite properly. But now about this new case? Is there a parallel? Is a starving auto on the same plane with a starving family?

Somewhat similar are the reports of welfare workers, who point out that families that have reached destitution through unemployment usually hang on to their automobiles like grim death, squeezing out nickles and dimes for gasoline when the larder is actually empty. Most welfare organizations have made it a rule not to extend help to families that have not sold their cars.

At first blush one is inclined to be sharply critical of people who persist in sticking to their automobile when the cupboard is bare. But there is, after all, something to be said for them.

We live in an automobile age. For the majority of Americans the auto has ceased to be a luxury and has become a necessity. Thousands upon thousands of urban workers live far out in the suburbs, beyond the reach of the carlines, and cannot get to and from the city without their autos—unless, of course, they walk three or four miles each day.

Furthermore, for a steadily increasing percentage of the population, the automobile has become almost the only form of relaxation. Except for their afternoon and evening drives—aimless, pleasant and healthful—many Americans get almost no recreation at all.

Are such people to be blamed for wanting to keep their autos?

In other words, we have made a civilization in which the automobile is the keystone of the arch. Should we get too indignant when those who, through no fault of their own, are plunged in poverty persist in trying to maintain the family car?

Do your shopping in Canyon.

**Wayside Items.**

Local showers make the nights delightfully cool. Would be glad for more moisture in and around Wayside. However, vegetation is looking fine.

M. L. McGeehe and DeWitt left Friday for Springer, New Mexico, for lumber. Expect their return Tuesday.

Rev. Ray Mayfield left ten days ago for Mobeetie to assist in a revival as leader in singing.

Miss Elva Gillham returned astounded from an extended visit to Greenville and other points.

Big crowd at Bill James' Saturday night at a social party. Refreshments of fresh peaches and candy were served.

W. C. McGeehe and J. R. Stockett made a business trip to Lamesa last week.

Mrs. L. J. McGeehe of Canyon will spend a part of school vacation among Wayside relatives.

George Thompson, wife and little daughter of Kansas City, reached Wayside Saturday, visiting the paternal Watson home.

Jack Twyman was a Wayside caller Monday.

George Hancock and family of Pampa, visited the Lane home the past week-end. Jerry attended Sunday School with his grandmother.

Mrs. Grace Counterman and children of Happy with Mrs. Fannie Franklin and children left Friday morning, reaching Dalhart at 4 p. m., and on to Nara Visa, New Mexico, same day, spending the night with Mrs. Robert Kerlin. Returning to Dalhart Saturday, they are visiting with their sister, Mrs. Wm. Payne. Lena Ruth Kerlin accompanied them home.

Mrs. Amos Cunningham left Thursday to visit a sick daughter at Perryton.

**Umbarger Items**

A large crowd attended the party given at the home of Mr. and Mrs. Joe Friemel Sunday evening. Mr. and Mrs. Ben Kooch are the happy parents of a baby boy born Thursday, July 30th.

Sam Meador is the owner of a new Buick car.

Mr. and Mrs. George Grimm, Mr. and Mrs. Bill Bower visited at the home of Mr. and Mrs. P. Friemel.

A baby girl, Lucy Agnes, was born to Mr. and Mrs. Schionager, Wednesday, Aug. 5th.

Mrs. Alfred Walker made a business trip to Canyon Wednesday. Mr. and Mrs. R. Friemel, Mr. and Mrs. Joe Friemel, Mr. and Mrs. Frank Vorwald, and Mr. and Mrs. George Vorwald spent Sunday with Mr. and Mrs. Otto Skarke.

Mrs. Taylor, Sr., of Canyon was visiting with her son, Wilford over the week end.

Mr. and Mrs. Podzemney spent Sunday with Mr. and Mrs. Wolfe.

**Zita Breezes**

W. E. McCormick and children left last week to visit in Iowa.

Mr. and Mrs. C. C. Stewart and family motored to Adobe Walls Sunday.

Boyd Ray is in the community this week.

Mr. and Mrs. F. J. McMahan visited with Mrs. Emma Gruner Sunday.

Mrs. Carrie Phillips left several days ago for Atkins, Arkansas, where she will visit for a while.

Row crops look fine but a good rain would be appreciated.

"The time will come," shouted the speaker, "when women will get men's wages."

"Yes," said the little man in the corner. "Next Saturday night."

**Fairview Breezes**

Another good shower fell Sunday. Everyone was sure glad to see it.

Miss Kathryn Bryan of Canyon visited part of last week with Miss Othell Wesley.

W. M. Kinsey and Homer Kinsey have returned home from Dimmitt where they have been plowing Homer's land.

The young people were entertained with a party at Bill James' Saturday night. Candy and peaches were served at a late hour.

Miss Annie Washburn spent the week-end with Misses Opal and Martha Sutton.

Mr. and Mrs. Fred Hext and daughter Yvonne, Mrs. Albert Legate and baby, Chas. Sutton and son Jack, Robert Hext, Frank Rogers, Lee Wesley and Elmo Wesley were guests in the H. E. Wesley home Sunday.

Mr. and Mrs. Cathy and children of Childress spent the week-end picnicking in the Encampment grounds. Mrs. W. M. Kinsey, Opal and Jack Sutton and Mrs. Homer Kinsey were also picnicking at the Encampment Friday.

Odell James spent Saturday night with Woodrow Wesley.

Erma Mae Sutton spent last week with her sister, Mrs. Max Barnard.

Born to Mr. and Mrs. Alvin Wesley a boy on August 6.

**REV. AND MRS. BRASWELL RETURN FROM VISIT**

Rev. and Mrs. J. H. Braswell returned Saturday from a visit of two weeks with their daughter, Mrs. R. L. Blackburn, formerly of this city, who now lives at Potter, Arkansas.

Mr. and Mrs. Braswell went to Arkansas with their son, Sam Braswell of Clarendon, and his wife.

Mr. Braswell reports that the crops there could not be better and that in some places peaches are selling for as little as 25 cents a bushel.

Sam Braswell, Jr., brought Mr. and Mrs. Braswell over from Clarendon.

**COFFEES ATTEND SCHOOL IN CALIFORNIA**

J. H. Coffee and Mae S. Coffee of Canyon attended the 26th annual summer school of the University of Southern California which will end August 28.

Attracting a record registration of 7397, the summer classes in the various schools and colleges of the Trojan institution show an increase of more than 1000 over the 6301 enrollment of last year.

**Going to REMODEL?**

It is for a very special reason that we urge you to let us talk to you about remodeling this fall. We have a new stock of hints and plans that make it possible to remodel a room or a whole house at an astonishingly low cost, and we know that you'll be interested. Of course, we need scarcely add that the prices of labor and materials are down to rock bottom.

This Poultry House, designed by Mr. W. H. Upchurch, Randall County Agent, after several years of work and study, is designed to best meet the needs of the Panhandle Country.

When facing south it is designed to admit the maximum sun and light in winter, to give sufficient ventilation and yet not admit drafts; is easily cleaned, and requires the very least possible attention and work. In fact, it is as nearly fool-proof as is possible to build.

Blue prints are in our offices for your free use.

### Miss Geneva McCarty and Mr. Bryan Cammack are Wed at Clovis Sunday

Surprising their many friends, Miss Geneva McCarty of this city and Mr. Bryan Cammack of Matador were quietly married at 9:30 Sunday morning at Clovis, New Mexico. The Rev. Mr. Jones, pastor of the First Methodist church that city read the ring service.

The bride was attractively dressed in a light navy blue suit with white accessories.

Mrs. Cammack is the daughter of Mrs. Annie V. McCarty of this city and has lived here in Canyon for ten years. She is a graduate of the training school of W. T. and has completed her sophomore work in the college. She plays the clarinet in the college band and is a member of Pi Omega and Elaphan literary society.

The groom is the son of Mr. and Mrs. T. E. Cammack of Matador. He is a graduate of the Matador High School and has done two

years work in W. T. He played in the college band and was a member of the Red Men when a student here in college.

The couple left immediately for Big Spring where Mr. Cammack will be engaged in business with the Deat's Storage Garage of that place.

### GREEN AND SWISHER TAKE VACATION IN NEW MEXICO

Mrs. Green, her daughter, Nell, and Miss Swisher plan to spend the month of vacation in Pine Lodge, sixty miles north of Roswell, New Mexico. Mrs. Green is intending to do a great deal of writing while retired from the field of action, and Miss Swisher says she intends to rest.

"Why does a red-headed girl always marry a quiet fellow?"

"She doesn't. He just gets like that."

C. N. HARRISON, President

O. W. GANO, Secretary

### REBEKAH LODGE HAS INTERESTING MEETING

Drills and regular lodge work occupied the greater part of the meeting hour of the Canyon Rebekah Lodge Tuesday evening. Mrs. Marie Tanner, noble grand, presided.

An interesting event of the evening was a drawing contest, a recently inaugurated event which will be a regular part of the weekly meetings and which promises to be very successful. A small, inexpensive gift is donated by a member and the holder of the lucky number receives the gift. Mrs. Minnie Laughery was the fortunate member Tuesday evening and drew a waste basket donated by Mrs. Tanner. Mrs. Laughery will, in turn, bring a gift next week. The contest stimulates interest in the lodge and also contributes toward expenses of the organization.

Captain A. K. McBride led the degree team in drills preparatory to the initiation services to be held soon. The members welcomed Mrs. W. E. Lockhart into the lodge after her vacation trip the past month.

It was announced that a watermelon feast for all Odd Fellows and Rebekahs will be held at the home of Mr. and Mrs. Ernest Brown, south of town, Friday evening from 7 to 8:30 o'clock. All members are invited to be present.

Those attending Tuesday evening included the following: Mesdames Strain, Stratton, Wagdy, Hendrix, Brown, Johnson, Tanner, Louder, Laughery, Lockhart, Sullivan, Bengie, Cole, McBride, Hair, Weeks; Miss Maye Warren, and S. F. Bengie and A. K. McBride.

### JOINT HOSTESSES HONOR MRS. GERALD WITH PARTY

Mrs. J. Edward Gerald was the honoree at a party given Friday afternoon, with Misses Ruth Lowes and Lillian Donnell as joint hostesses in Miss Lowes' home.

The entertaining rooms were lovely with cut garden flowers. The tallies and score pads further carried out the floral motif.

Just before bridge was introduced, Mrs. Gerald was presented with a corsage, a gift of the hostesses, by Master Charles Taylor.

Punch was served during the game hour and later in the afternoon peach ice cream and cake were served.

The guest list included: Mrs. Gerald, the honoree; Mrs. Law Sone, Mrs. Tommie Montfort, Miss Jennie C. Richie, Miss Edna Graham, Mrs. Robert Foster, Mrs. T. B. Reeves, Miss Ethleen Murrell, Miss Adeline Strain, Miss Mattie Swayne, Miss Jean Moore, and Miss Ruby Dutton, a sister of the honoree.

Three guests from Amarillo, Mrs. Hubert Hammil, Miss Mary Frances Miller and Miss June Kollar, were present.

### KING'S DAUGHTERS MEET WITH MRS. PINSON

The King's Daughters Sunday School class of the First Baptist church held their regular business meeting Thursday afternoon, August 6, with Mrs. Pinson.

The devotional was led by Mrs. McCreary after which the class president, Mrs. Harris, took charge. After the business was disposed of, a social hour was enjoyed by all present.

### MISS ELIZABETH JAMESON HONOREE AT TWO SOCIALS

Miss Elizabeth Jameson was honored twice this week with parties in celebration of her birthday.

At 6:30 o'clock Saturday morning her mother planned a surprise breakfast. The following friends of Miss Jameson were present: Misses Florence Bowman, Dixie Foster, Marie Tanner, Virginia Leigh Bull, Katye Bowers Lowe, Mabel Thornton and Madelyn Bull.

Saturday evening Miss Marie Tanner was hostess to a slumber party honoring Miss Jameson. The six girls present were: Misses Elizabeth Jameson, Florence Bowman, Dixie Foster, Katye Bowers Lowe, Mabel Thornton and the hostess.

### MR. AND MRS. HIGDON GIVE PICNIC SUPPER

Mr. and Mrs. Otis Higdon entertained with a picnic supper at the Palo Duro canyons Sunday evening. Following the repast a half hour of conversation was enjoyed.

Those present were: Misses Ann and Martha Totty and Frank Totty of Mobeetie, Reese Hough, Ralph and Sherman Higdon, and Mr. and Mrs. Otis Higdon.

### MISS AGNES CHARLTON IS HOSTESS AT BRIDGE PARTY

Miss Agnes Charlton was hostess to a bridge party Thursday evening in her home at 2501 Fifth Avenue in this city.

Three tables of bridge were run with the following guests participating: Mrs. Mitchell Jones, Mrs. C. L. Walsh, Miss Irene Angel, Mrs. Ray Campbell, Mrs. N. E. McIntire, Mrs. Charles Flesher, Mrs. M. S. Bishir, Mrs. C. W. Batchelder, Mrs. Thos. B. McCarter, Mrs. S. L. Ingham, Mrs. Tommie Montfort and Mrs. J. M. Wise.

Dr. C. A. Pierle returned to Canyon Friday from Indiana where he attended the funeral of his mother who died there August 2.

Miss Thelma Thomas has as her guests this week, Mr. and Mrs. Fred Drake of Lockney.

### Marriage of Miss Mary L. Sternberg and Mr. Howard Batchelder to Be August 27th

Miss Mary Lockwood Sternberg, bride-elect of Mr. Howard Batchelder, has been named honoree at a number of social functions the past week. At a lovely affair Saturday evening her mother, Mrs. A. W. Sternberg, announced that the wedding date had been set for Thursday, August 27th, and Monday afternoon Mrs. C. W. Batchelder entertained with a surprise shower.

Saturday evening the rooms of the Sternberg home, 1703 Fourth Avenue, were gay with baskets of orchid and pink petunias. Tables were placed for bridge and the announcement tallies were miniature brides and grooms, carrying the names of the couple and the date of the wedding.

At the refreshment hour the tables were centered with bowls of petunias and bouquets of sweet peas in the favored colors were attractive place favors. Each plate held refreshments of orchid and pink wedding bells, mints, angel food cake and cherry punch.

The guest list included the following: Miss Sternberg, honoree; Miss Ethel Ruth Collins, Miss Wilmoth Gamble, Miss Margaret Gamble, Miss Mary Berryman, Miss Gwendolyn Black, Miss Mavis Berryman, Miss Pearl McClure, Miss Hazel Allen, Miss Audrey Cayton, Miss Dorothy Cash, Miss Virginia Jarrett, Miss Christine Upchurch, Miss Jessie Louder, Miss Lenna Foster, Miss Frances Usery, Miss Laurene Alvord, Miss Dorothy Faye Rusk, Miss Opal Middleton, Miss Carrie Guthrie, Miss Ruth Greenfield, Mrs. Bryan Cammack, Mrs. Gordon Thompson, Mrs. C. W. Batchelder and Mrs. F. E. Savage.

Mrs. C. W. Batchelder entertained Monday afternoon at her home 2102 Seventh Avenue, with a surprise kitchen shower honoring Miss Sternberg. Bowls of shasta daisies and baskets of golden glow were attractively combined in a color scheme of yellow and white throughout the reception rooms.

The gifts were arranged in the form of a statue and were covered with a veil. Little Miss Marcia Batchelder officiated at the unveiling ceremony and made an appropriate speech at the presentation of the gifts.

Bridge was enjoyed during the remainder of the afternoon. Following the games, an iced course was served. Favors of tiny dolls dressed as brides were presented to the guests.

Those invited included the following: Miss Sternberg, guest of honor; Mrs. A. W. Sternberg, Mrs. Bryan Cammack, Miss Wilmoth Gamble, Miss Gwendolyn Black, Miss Margaret Gamble, Miss Dorothy Cash, Miss Virginia Jarrett, Miss Audrey Cayton, Miss Florence Throckmorton, Miss Mary Berryman, Miss Mavis Berryman, Miss Ethel Ruth Collins, and Mrs. Batchelder.

### METHODIST MISS. SOCIETY MEETS AT CRAIG HOME

Mrs. J. M. Craig, assisted by Mrs. A. H. Hunt, entertained the Methodist Missionary Society at the home of Mrs. Craig Tuesday afternoon at 3 o'clock.

Garden flowers were attractively arranged in the entertaining rooms. The meeting was opened by singing "Bringing in the Sheaves" followed by a prayer by Mrs. I. C. Jenkins. The topic for worship, "Comrades with the Divine" was impressively given by Mrs. Joe Thompson. Those present then joined in singing "My Faith Looks Up to Thee."

Subjects on "New Emphasis in Home Missions" were given by Mrs. M. L. Sadoris, Mrs. R. E. Foster and Mrs. I. C. Jenkins. Mrs. A. W. Sternberg gave an interesting paper on "Changing Worlds for the Indian."

At the close of the meeting the following entertaining program was given: Piano duet, "Kattydids and Jinglebells," by Lela Louder and Rena Bell Bellah; trombone solo, "An Earl"—Henry Fillmore, by Chas. Kiker, accompanied by Miss Frances Usery; vocal solo, "My Rosary"—Ethelbert Mevine, by Jessie Louder, accompanied by Miss Usery; piano solo, "Sylvian Sketches"—Helm, by Miss Gwendolyn Black.

Dainty refreshments of ice cream and cake were served by the hostesses.

### MRS. CHAS. FLESHER IS HOSTESS TO "42" CLUB

Mrs. Chas. Flesher of 1100 Sixth Avenue entertained the Merry Maids and Matrons club with six tables of forty-two at her home Thursday afternoon.

Garden flowers in shades of yellow and green were beautifully arranged in the rooms where the guests were received. The favored colors were repeated in the refreshment course of iced cantaloupe, sherbet and orange tea served at the conclusion of the games.

Seated were: Mrs. L. Angel, Mrs. H. A. Brown, Mrs. C. R. Burrow, Mrs. J. L. Duflot, Mrs. John Fry, Mrs. J. A. Hill, Mrs. R. P. Jarrett, Mrs. T. B. McCarter, Mrs. L. A. Osgood, Mrs. A. W. Sternberg, Mrs. F. E. Savage, Mrs. C. M. Dowlen, Mrs. C. E. Strain, Mrs. S. L. Ingham, Mrs. Frank R. Phillips, Mrs. Ray Campbell, Mrs. J. W. Wooten, Mrs. Dan K. Usery, Mrs. Chas. P. Stephenson, Miss Nora McCarty, Miss Esther Rudolph, Miss Edna Graham, Miss Pearl Black and Mrs. Coleman of Mineola, Texas.

Mrs. E. A. Hannaford of Granbury, mother of Mrs. D. A. Shirley, came home with Mr. and Mrs. Shirley when they returned from Dallas where Lewis enlisted in the Navy. Lewis went on with Frank Monroe to visit him in Hamilton. Lewis will not join the fleet for about six weeks.

### MRS. CLARENCE THOMPSON HOSTESS TO CLUB

Entertaining the members of the Friday Afternoon club, Mrs. Clarence Thompson was a charming hostess to three tables of bridge at her home, 1812 Fifth Avenue, last week.

Cut flowers in many colors were gay notes in the rooms where the guests were seated. An iced course was served at the refreshment hour.

Those present included: Mrs. Guy Harp, Mrs. J. W. Kleinschmidt, Mrs. Marion Bishir, Mrs. Ray Campbell, Mrs. Travis Shaw, Mrs. Burt Newlin, Mrs. Dan K. Usery, Miss Esther Rudolph, Mrs. Tom Knighton, Mrs. T. M. Moore, Mrs. Bill Black, and Mrs. E. J. Cundiff.

### MRS. RAY V. DAVIS ENTERTAINS CLUB

Garden flowers in a variety of colors were selected as decorations by Mrs. Ray V. Davis when she entertained the members of Las Senoras Nuevas club at her home Wednesday afternoon.

Four tables were placed for bridge and after several rounds a delicious iced course was served by the hostess.

Those attending were: Mrs. Owen Williams, Mrs. Felix Neff, Mrs. J. Madison Daugherty, Mrs. Mitchell Jones, Mrs. Jack Boutwell, Mrs. Glen Costley, Mrs. Ross Craig, Mrs. A. K. Goodman, Mrs. L. F. Sheffy, Mrs. Hubert Hartman, Mrs. Joe Black, Mrs. Marion Bishir, Mrs. M. L. Sadoris, Miss Lenna Foster, Miss Erna Meyer, and Mrs. Verna Greenfield of Post.

## INSTITUTE IS BIG FEATURE THIS MONTH

### PANHANDLE TEACHERS MEET WITH W. T. S. T. C.

Nine Hundred Teachers Probably Will Attend Meeting Sept. 3, 4, 5.

The Panhandle-Plains Teachers Institute which will hold its three-day session in Canyon September 3, 4 and 5, will be attended by 900 or 1000 teachers from the plains territory, according to a statement made today by Professor F. E. Savage, who is director of the meeting.

The executive committee of which Supt. C. H. Dillehay of Hereford is

chairman, has assembled an unusual array of talent for the institute, with Josh Lee of the speech department of the University of Oklahoma heading the bill as fun-maker and philosopher.

For the purely professional phases of the program the committee has secured the services of Dr. J. L. Henderson, head of the department of secondary education of the University of Texas; Dr. J. A. Hill, president of the West Texas State Teachers College; Mrs. Phebe K. Warner of Claude; Dr. A. L. Crabb, of George Peabody College for Teachers, Nashville; State Superintendent of Public Instruction, S. M. N. Marrs; Mrs. Cora M. Martin, author of the state adopted text in primary reading, and director of primary education in the University of Texas; Miss Gene Alford, supervisor of primary grades in the Dallas public schools and in director of primary education in Southern Methodist University; and Mrs. J. E.

Griggs, president of the Texas Congress of Mothers and Parent Teachers Associations.

The personnel of the executive committee includes, besides the chairman, Supt. Law Sone of Panhandle; Supt. Ona Monahan of Stinnett; Supt. Irby Carruth of Canyon; Supt. Price Scott of Floydada; Supt. Ferman Sawyer of Canadian; Supt. W. A. Graham of Tulsa; Supt. C. R. E. Weaver, and Supt. John B. Hessey of Pampa.

### SINGING AT SUNNY HILL.

The semi-annual singing convention of Randall county will be held at Sunny Hill school house, 16 miles southeast of Canyon, Sunday, August 16. Everybody invited to come and bring a well filled basket.

Dorris Stratton, Sec'y.

### RAINFALL FOR WEEK-END

Rainfall Saturday amounted to .19 inch and for Sunday it was .21 inch, according to the official weather gauge.

## Exhibit of Articles Made by Education Students Interesting and Valuable

"Just think and then cut out your think," a child once said in attempting to explain the way he went about producing an original cut-paper design. A statement as simple as this would have been almost as significant had it been made concerning the exhibit of articles made by members of classes in Education 111 and displayed in Room 305 at the close of the first term. Posters, baskets, booklets, doll houses, child's size furniture, rag dolls, cradles, stick horses, jointed toys, and clay figures, beads, and dishes made up the exhibit; and one marveled at the number and variety of "things" that had been sawed, hampered, pasted, cut and sewed into shape.

In this case the articles were not made by children but by college students who expect to teach in the primary grades this year or at some future time. Members of the classes were instructed to make only those articles which children in the first four grades would be interested in making and which at the same time would present problems of construction simple enough for such children to cope with. Miss Mary Adaline Lamb of the education department was the instructor in the course.

To the casual observer the exhibit presented an interesting array of cleverly constructed playthings which would amuse any child. The more critical observer, while appreciating the work represented by the exhibit, looked beyond it and the adults who were responsible for it and into the sixty or more future primary classrooms to find more significant values. And a question arose in the mind of this observer. After planning and constructing these articles, what should the prospective teachers have got from the six weeks of work which will carry over into the school room? The question was asked the instructor, and the gist of her response follows:

Since present-day pedagogy is laying unprecedented emphasis upon the importance of self-expression in the educative process, upon the thinking teacher rests the responsibility of finding out how the average child's power of self-expression is best developed. While

the gesture, the spoken word, and the written word are the universally accepted media of expression, ideas can be conveyed successfully through the use of the most tangible kinds of material—paper, clay, paint, cloth, wood. It is these media which lend themselves to manipulation and best stimulate the young child's thinking. Experimentation with various kinds of tools and types of materials has given the prospective teacher an opportunity to acquaint herself with many of the difficulties which the child experiences in similar activities. It also has enabled her to formulate in her own mind the method she will use in helping him to overcome these difficulties.

The young woman who took this course has been impressed with the fact that wood, clay, cloth, etc., when placed in the hands of the child, help him to meet many of his childish needs—the doll needs another dress; the wagon should have a new tongue; the playhouse must be supplied with more dishes. If he is given materials with which he can meet these needs, the resultant activities become purposeful and full of interest. Here he is allowed to use his own ideas in fashioning the dress or in molding the dishes or in constructing a serviceable tongue for the wagon. The most valuable expression is the original expression.

Not so long ago someone very aptly said: "All God's chillun got wings but not all are permitted to use them." It is time that the day of patterned work came to an end. The creative urge always comes from within. The child wants to be free to express his own feelings and not be forced to reproduce the feelings of someone else. He wants to fly with his own wings, if you please!

Furthermore, class members of Education 111 have found that considerable experimentation should be encouraged when working with young children, and that crude results are always acceptable if they represent the individual's best efforts. As the child becomes better acquainted with the possibilities of his media, he will begin working for more realistic looking products. Help in technique should be given

as it is needed. Technique, however, when imposed upon the young artist or artisan tends to kill the spirit and the spontaneity of the idea that is about to be born.

Another feature which has been emphasized with members of these classes has to do with the opportunities for correlation which abound in this type of work. It is needless to point out the many language values growing out of class criticisms and discussions of articles made by the children. Dressing dolls as Eskimos, Japanese, or Dutch illustrates only one of the many ways in which geography may be related to this type of expression. Very practical problems in arithmetic may be furnished by such activities as measuring the parts of a toy airplane; using the yardstick freely during the building of a playhouse; listing the prices of the doll hats made for the hat shop.

Children must know how to conserve materials. They need to learn how to eliminate all unnecessary wastes. They need practice in making use of odd bits of material. To this end, then, these prospective teachers are urged to practice economy and utilize odd bits of material that are too often considered valueless by the untrained teacher. A careful survey of this exhibit revealed the fact that native clay, discarded orange crates, old broom handles, small scraps of lace and cloth, spoons, pickle bottles, cereal boxes, and numerous other odds and ends had been used to advantage.

Finally, children must be taught to care for their tools. Only the teacher who has had practice in caring for equipment can help the child to learn to care properly for his saws, his brushes, and his cans of paint. And in a like manner, teaching the child to assume some responsibility in returning unused materials to their respective shelves and in clearing the workroom of all traces of untidiness will do much to develop a habit of orderliness that is desirable in any situation.

### CANYON GETS PUBLICITY IN HOUSTON PRESS SOON

"Canyon will get some publicity in far away Houston when the information about the College, the County and Canyon is published in the Houston Press." This statement comes from Fred E. Wortham, Chamber of Commerce secretary.

The Houston paper is now conducting a "Know Texas" contest and in order for Canyon to receive a lot of favorable publicity, Mr. Wortham furnished the contest manager with the very latest facts about the city, the College and Randall county.

Besides a lot of information including the historical facts, of both the county and city, two pictures were sent to the Press. One was a picture of the college campus and the other a scene in the Palo Duro canyon.

### ASHBY GIVES VIOLIN RECITAL AUGUST 19

Meredith Ashby, assisted by the Orchestra of which W. R. Clark is director and accompanied by Miss Hazel Allen, will be presented in a violin recital in the Main Auditorium, Wednesday evening, August 19, at 8:30 o'clock, by the College department of music.

The following numbers will be played:

Liebeslied (Love's Sorrows).....	Kreisler
Liebesfrend (Love's Joys).....	Kreisler
Serenade Espagnole.....	Kreisler
Forsaken.....	Winternitz
Dudziarz.....	Wienlowski
Concerto, no. 1.....	Seitz
Allegro Moderato.....	
Allegretto.....	
Adagio.....	
Allegretto.....	

### MISS CLARK PLAYS PIANO IN ASSEMBLY SATURDAY

Miss Frances Alice Clark was presented in a piano program at the assembly of the college last Saturday morning. She played the following numbers:

Fugue.....	Bach
Gigue.....	Graun
Fur Elise.....	Beethoven
Scherzo in B flat.....	Schubert
Berceuse.....	Greig
Pavilion.....	Greig
Romance.....	Saint Saens
Murmuring Zephyrs.....	Jensen
Air de Ballet.....	Chaminade

### CAR TRANSFERS

The following used cars have been transferred during the past week:

Lloyd Buchanan, used Durant coupe.

Bob Daugherty, used Ford roadster.

M. H. Rockwell, used Ford roadster.

Clara B. Rose, used Studebaker.

C. S. Davenport, used Ford truck.

C. L. Neal, used Ford Truck.

Mrs. Beulah A. Mansell, used Oldsmobile.

Bob Lowder, used Chevrolet touring.

Ben E. Wesley, used Ford roadster.

S. B. Blackwell, used Ford truck.

A RAILROAD ACCIDENT

Smith: "Have you ever been in a railway accident?"

Jones: "Yes, once when I was in a train and we were going thru a tunnel I kissed the father instead of the daughter."

## Harley Sadler Show Commences Monday, Aug. 17

Harley Sadler, making his twelfth annual tour, will play Canyon all next week, beginning Monday, with a larger and better show than he has ever had before.

The same show played the larger cities during the winter and spring: Waco, nine weeks, Austin, nine weeks; Galveston, six weeks, to large audiences.

He has new vaudeville features

### THE ALABAMA BOYS

this year and new plays and comedies. Among his cast are The Alabama Boys, George Junkin, Gloria Sadler, Howe and Hack, Mack Johnston, Bart Couch, Ethel Snow, Hap Hogan, and others. He also has a new and different orchestra.

This season Harley Sadler is playing under the auspices of the American Legion. The tent will be on the same stand as last year, on Third Avenue. The special seat sale is at the Jarrett Drug Store.

### AVOID HEAVY LOSS

Prompt payment of fire insurance premium is the only safe guard against loss of property in case of fire. Forgetfulness, oversight, the money slipping away for other calls—a score of dangers immediately fall into line when one begins to put off.

Prompt payment costs you nothing extra, but it insures against all possible penalties of delay.

Be sure your property is insured and stays insured. Call the G. & M. Fire Insurance Company, phone 259 or 116, and have your property taken care of at once.

Help Keep Canyon Clean.

### JIM BOYD TAKES OVER SERVICE STATION HERE

Jim Boyd who has lived at Hereford for the past two years has leased the building formerly occupied by the Union Service Station on the corner of Fourth Avenue and Fourteenth Street and has opened a service station handling Sinclair products.

Mr. Boyd lived for a number of years at Umbarger before he moved to Hereford.

He is offering a number of introductory specials for Saturday only to celebrate his opening.

### MRS. GERALDINE GREEN TALKS AT GIRLS' CAMP

Mrs. Geraldine Green, dean of women at the College, will give several talks to the girls attending the Northwest Texas Girls' Camp at Ceta Canyon. This, the twelfth annual camp, opened August 12 and will continue for two weeks.

All officers of the Woman's Missionary Society in the Northwest Texas Conference are invited to attend, according to Mrs. Tom Delaney of Memphis, manager of the camp.

### VISITING STUDENTS

L. N. George, secretary of the Ex-Students Association, has been visiting prospective W. T. students in Carson, Armstrong, and Doney counties the past week and announces that an unusually large number of young people have announced their intentions of coming here this winter.

Mr. George will spend this week in Hutchinson, Hartley, Dallam, Hansford and Moore counties in the interest of W. T.

### THE FUNNIES

"Any thing new in the comic section this morning, dear?"

"Well, it seems that the landlord put the Woop family out in the street; Little Orphan Elsie is being brutally treated by her kidnappers; old Grandpa Zowie isn't getting over that broken leg very well and Betty Bingle took a turn for the worse last night—she isn't expected to last till the Sunday supplement."

"Hand it over, darling—I want to have a good cry."

"How come you always carry that satchel with you?"

"I'm in the secret service now. I'm a bootlegger."

### DON'T THROW OUT "CLUTCH"

Free wheeling may be all right for automobiles and pleasure, but no business may be maintained at a successful pace with the advertising clutch disengaged.

For more than thirty years in this community I have never known a firm to fail that had used newspaper advertising consistently and intelligently. I have noted many failures directly traceable to a business policy that excluded newspaper advertising.

People read the home town newspaper both for the news and the advertising. Both must be interesting. The well balanced home town newspaper has been, and will continue to be the most important development factor to the

home town merchant.

Fish are frequently caught by occasionally dragging a line thru the water, but the best strings invariably come to the lures of the consistent and persistent angler. By the same token, business success comes more quickly and in larger volume to the merchant, who adopts a liberal newspaper advertising policy, stocks the goods the public will buy and follows the golden rule of truth in advertising.—Nashua (N. H. Telegraph).

### DEBUNKING HISTORY

Teacher: "Now, Johnny, what did Caesar exclaim when Brutus stabbed him?"

Johnny: "Ouch."—Pathfinder

# REDUCTION IN RATE FOR STREET LIGHTING, SCHOOL LIGHTING AND POWER FOR CITY PUMPS ANNOUNCED

Following is a Resolution of Appreciation executed by a committee of citizens and city officials to the Texas Utilities Company for a rate reduction announced this week. The reduction applies to street lighting, school lighting and power for pumping water at the city wells, thus saving the city a substantial sum in yearly operating expenses.

WHEREAS, at the time our local electric plant was acquired by Texas Utilities Company in the early part of 1925, the citizens of Canyon were paying on a schedule of rates for electric service which was much higher than the rates charged by Texas Utilities Company in Canyon today. The rate for electric service was on the average 100% higher. The remarkably low rate enjoyed by Canyon citizens today is the result of repeated reductions in the various classes of service, which have been made by Texas Utilities Company since it acquired our local plant. In addition to making these rate reductions, the Company has also greatly improved the service. Our local plant was very much limited in capacity and could not afford the city and its citizens any of the advantages they now enjoy in having an unlimited supply of dependable electric service at the reasonable rates furnished by Texas Utilities Company from large inter-connected modern generating plants over the transmission network.

WHEREAS, on this date said Texas Utilities Company, thru Hon. I. R. Kelso and other representatives of said Company, has made known to the governing body and citizens of Canyon its decision, as a voluntary action on its part, and as a donation to said City and the taxpayers, effective as of August 1st, 1931, and for a period of one year thereafter, to reduce the cost of the street lighting in said City to one-half the cost prevailing on and prior to said date, and has further taken voluntary action reducing the rate for its service to our schools, which is a reduction of approximately 75% over the 1930 charges; and

WHEREAS, said Texas Utilities Company has further, this date, agreed with the governing body and citizens of Canyon, as a separate and distinct matter, and in no way connected with said street lighting, to reduce the cost to the City of pumping the City's water supply, so that the said pumping rate shall be and is hereafter fixed at two cents (2c) per kilowatt hour, but with the proviso and understanding that in the event the Legislature of Texas or any other lawful taxing power of authority shall impose any tax on or affecting said service, increasing the cost of furnishing same, such tax shall be added to and become a part of said rate and paid by said City, it being understood that this does not apply to pumping done at Texas Utilities Co. wells.

WHEREAS, the action of said Texas Utilities Company in the matters aforesaid effects a great saving financially to our City, schools, and taxpayers, the saving in street lighting amounting to \$1564.50 a year, and the saving in water pumping, based on 1930 consumption, being \$493.90, and the saving to the schools, based on 1930 consumption, being \$138.81, all aggregating \$2197.21, and in addition thereto said Texas Utilities Co. is one of our largest taxpayers, its current taxes to our city and school district being \$1750.00, and this is the tenth substantial reduction made by said Company within the past six years; and,

WHEREAS, the said Texas Utilities Company has heretofore from time to time reduced its rates in the City of Canyon, each and every such reduction having been made voluntarily by said Company; and,

WHEREAS, the aforesaid action by said Company is fully appreciated by the City of Canyon and the citizens thereof, and is convincing to all of said Company's generous spirit of helpfulness to the community and of its willingness to serve the community at the lowest possible cost to do its full part freely and voluntarily to lessen the financial burden of its patrons, and at considerable financial loss, during the time of financial and industrial depression; and,

WHEREAS, We, representative citizens of Canyon, wish to say without hesitancy, that in our opinion if all the Public Utilities serving the people of Texas maintained the same generous,

helpful attitude in the development of communities served by them as has always been maintained by the Texas Utilities Company at Canyon, there would be at this time no demand or need for any kind of state regulation of public utilities. The Texas Utilities Company has played a big part in the development of Canyon, and we believe in the development of the Panhandle of Texas. It has always voluntarily done all it has ever agreed to do and much more in such matters as rate reduction. We wish to express to the Texas Utilities Company, its president, Judge I. R. Kelso, its officers, and representatives, our appreciation of its generous attitude and spirit of cooperation in the development of our town. We are also glad to indicate to the public our attitude in this matter.

BE IT RESOLVED, by the City of Canyon, acting by and through its governing body and committee of citizens, in meeting this day held at the City Hall in the City of Canyon, that we do hereby express to the said Texas Utilities Company, and to Hon. I. R. Kelso and other officers, agents and representatives of said Company, our sincere appreciation of its and their kindly attitude of cooperation, generosity, fair treatment and efficient service it now renders and has at all times rendered, and that we, as citizens, taxpayers, business men and officials do hereby pledge to our governing body, to said Texas Utilities Company, and to each other our friendly and mutual cooperation in working out, on an efficient and economical basis, all problems that affect and concern our mutual interests.

BE IT FURTHER RESOLVED, that a copy of this resolution be delivered to Hon. I. R. Kelso, as the President and Representative of said Texas Utilities Company; and a copy hereof also delivered to the Mayor and Governing Body of the City of Canyon, and a copy delivered to the Board of Trustees of the Canyon Independent School District, and a copy delivered to the Canyon Chamber of Commerce.

EXECUTED at Canyon, Texas, this the 10th day of August, A. D. 1931, by the undersigned committee of citizens of Canyon, in a meeting at the City Hall.

R. A. BELLAH  
R. P. JARRETT  
GRADY OLDHAM  
C. H. JARRETT  
T. C. THOMPSON  
C. N. HARRISON

Unanimously adopted, passed and ratified by the Mayor and City Commission of the City of Canyon, Texas, this the 10th day of August, 1931.

(Seal) R. A. BELLAH,  
Mayor, City of Canyon, Texas.  
ATTEST: HARVEY CASH, City Secretary.

NOTE: The foregoing committee represents the following business and professional men of Canyon, Texas:

R. A. Bellah, Mayor and Groceryman.  
Grady Oldham, Banker and City Commissioner.  
R. P. Jarrett, Dean W.T.S.T. College and City Commissioner.  
T. C. Thompson, Ex-Mayor and President, Thompson Hardware Company.  
C. H. Jarrett, Ex-Mayor and Druggist.  
C. N. Harrison, Ex-Mayor, Contractor, and President Abstract Co.

The members of the Texas Utilities Company organization at Canyon deeply appreciate the sentiments expressed in the above resolutions. We desire to assure our city officials and the people of Canyon that our organization will put forth its best efforts to meet every emergency in the discharge of the duties imposed upon us as operators of one of Canyon's public utility properties.

TEXAS UTILITIES COMPANY.

FRED E. WORTHAM, Secretary

### ADVICE (FREE).

If the people of this community would whistle more and whine less; hustle more and holler less; work more and worry less; boost more and beef less; give more and grab less; business would be better fast.—Ex.

### WE NEED CO-OPERATION

An outstanding need for this community is co-operation. We need a closer relation and friendship with our neighbor and fellow man. We need unity, with all pulling together toward one good end.

The town and country needs to unite and co-operate. Personal feelings must be set aside and co-operation be put forth. The Chamber of Commerce is yours and it will be just what you care to make it. Build it and it will build your community, lose it and you will lose all invested in it.

Now is the time for everyone to get in the harness and pull toward the goal of putting the community forward. Good times will return, perhaps you say, "when?" but will you be prepared for their return?

### COURTESY IN BUSINESS.

That's an expression heard in this section often during the past few months. It's pretty good investment, folks, and costs nothing but a good disposition.

### FAKE ADVERTISING.

Several weeks ago there was

## Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. Trial package, 10 cts. Family package, 35 cts. All dealers. (Adv.)

## Say "Hello" to Hollywood

3 minutes .. \$1.90

(station-to-station rate after 8:30 p.m.)

### Say to Long Distance:

"I'm calling Hollywood." Then give her the number if you know it or say: "I'll talk with anyone who answers at the home of (name of friend)."

That's how to place a station-to-station call.

Usually the call goes through while you hold the line.

### Tip on rates

Such calls cost less than calls on which you ask for a specific person. After 8:30 p.m. station-to-station rates are in most cases little more than half the day rate.

Use station-to-station service when you are reasonably sure the person you want will be near the called telephone.

## Long distance bargains

in the Panhandle.

And here is a little clipping from the Pampa Daily News, edited by Olin Hinkle, another home boy who made good: "We are nearer capitals of five other states and Chihuahua, Mexico, than we are to Austin. Map measurements prove it. The U. S. capitals are Santa Fe, Denver, Topeka, Oklahoma City, and Cheyenne. NO WONDER THY SAY AUSTIN DOES NOT KNOW THERE IS A PANHANDLE."

It is the hope of every person in Canyon that the College will see a record enrollment this fall, a continuation of what it has this summer. Let's do all we can to boost our college and really make it the place for Northwest Texas to go to college.

## Atwater Kent Contest in Canyon is Again Postponed

The audition of the Atwater Kent Contest in Canyon has been again postponed. Miss Swisher had engaged the radio for broadcasting for Saturday afternoon of last week but several of those who wished to participate were unable to do so that afternoon and the others said they were not yet quite ready. Although Miss Swisher had decided to go ahead with the audition, she found when she called Emil F. Myers of the Amarillo College of Music and asked him to be one of the judges that he had already accepted the chairmanship of the Amarillo district for the contest and was therefore unable to be a judge. On further conference it was decided that the Canyon district would go in with the Amarillo district and one audition would be held the latter part of the month in Amarillo over WDAG, with Mr. Myers in charge. Miss Swisher plans to leave on her vacation next week and so the entire affair has been turned over to Mr. Myers.

Those of W. T. who will participate in the audition are: Emmitt Smith of Groom; Dennis Smith, of Groom; Alfred Jameson, Canyon; Jewel Keenan, Memphis; Eddie Hammit, Lockney; Howard Brown, Tulsa; Estelline Harris, Canyon; Dorothy Blanton, Canyon; and Charlie Kiker, Canyon.

**RIPE FOR VAUDEVILLE**  
"What's the parade all about?" "They're giving a reception for the King of Afghanistan. He holds the world's endurance record for throne-sitting."—Judge.

The Paris to Tokio plane is called the Hyphen, because, perhaps, it is just the thing in which to make a dash.

**ROTATE CROPS**  
Uncle Sam is an accommodating old chap, but he can not do everything nor settle everything. And when he does do his best to aid us, we are not satisfied. The best way to help things in general is to work, and while working, do some practical thinking. For instance: think up some other crop besides wheat and push the crop instead of going to all wheat farming. The soil needs rest and a change from wheat may be a benefit to the land. An all wheat farmer has nothing if the wheat fails or as at present the low price makes wheat a moneyless crop. Therefore, if other crops are put in and taken care of and really farmed to the limit, the result will be that the farmer will not be left stranded in the middle of the road. Going to too much wheat is not profitable and leads to over production and consequent low prices.—Higgins News.

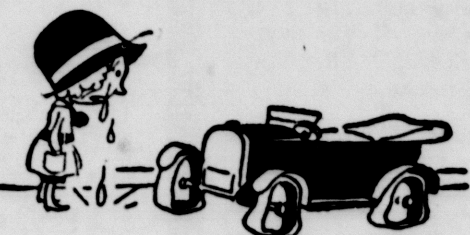

A farmer in Pennsylvania made \$1000 an acre out of strawberries. Well, business for him always was picking up.

## A Wonderful Help to Mothers

Dallas, Texas—  
"Dr. Pierce's Favorite Prescription was a wonderful help and comfort to me as a tonic and a nerve. I found it especially beneficial during expectancy. It kept me in such good condition that I was able to do my work, hardly realizing my condition, and when a woman gets along without suffering at this time her mental condition is greatly helped. Also Prescription babies are healthier and stronger."

## News in Canyon 25 Years Ago

(From the files of the Canyon City News, Friday, Aug. 10, 1906)

Several cars of immigrants were unloaded here yesterday.

To one not acquainted with the method which our people have of entertaining and locating the hordes of emigrants which are now entering our gates, the scene on our streets yesterday afternoon and this morning would have led them to believe that the entire population had turned out for a picnic or a Fourth of July celebration.

Every available vehicle and horse in town was pressed into service to accommodate two hundred homeseekers who came in yesterday, and today they are being driven over the prettiest country they probably have ever seen. As one of the visiting party expressed it yesterday afternoon in the hearing of our News reporter—these are the words verbatim—"I'll tell you I have traveled over the world a great deal in my life and this is the best looking country I have ever seen."

We who have lived here for a time have been telling the story of our wonderful resources so long that it is a genuine joy now to have the stranger come in and tell us that "the half has not been told yet."

J. R. Baird and wife are home from an extended ramble by wagon through the central part of the state, making Lampasas county their principal stop.

Track laying on the new branch of the Santa Fe, between this place and Plainview, commenced from this end of the line this week and the crew is now engaged on the "fills" across the Tierra Blanca. The grade is completed to Plainview and is now progressing beyond that place. This information will probably be received with favor by the people of Plainview as the report gained current there last week that work had been suspended.

It was reported here Wednesday that a dwelling house 2 or 3 miles south of Amarillo had been struck by lightning Tuesday night, and the report was circulated in Amarillo that Canyon City had been blown to the four corners of the earth, but at last accounts we are all here and the "chimney has not fallen on anybody."

### ROTATE CROPS

Uncle Sam is an accommodating old chap, but he can not do everything nor settle everything. And when he does do his best to aid us, we are not satisfied. The best way to help things in general is to work, and while working, do some practical thinking. For instance: think up some other crop besides wheat and push the crop instead of going to all wheat farming. The soil needs rest and a change from wheat may be a benefit to the land. An all wheat farmer has nothing if the wheat fails or as at present the low price makes wheat a moneyless crop. Therefore, if other crops are put in and taken care of and really farmed to the limit, the result will be that the farmer will not be left stranded in the middle of the road. Going to too much wheat is not profitable and leads to over production and consequent low prices.—Higgins News.

A farmer in Pennsylvania made \$1000 an acre out of strawberries. Well, business for him always was picking up.

## Music Department Presents Violin Recital Friday

Seven students in the department of music were presented in a violin recital Friday evening at 8:30 o'clock in the auditorium of the Education Building.

Miss Hazel Allen was accompanist for all of the program.

The first three numbers were given in groups of one. Annie Vickery played "April Shower" by Wecker; Louise Shirley played, "Salut d'Amour" by Elgar; and Oscar Croson played "Polish Dance" by Severn.

The fourth student to appear on the program was Ray Robbins, who gave a group of three numbers: "The Swan" by Saint Toens, "Serenade" by Schubert, and "The Broken Melody" by Van Biene.

"Mazurka" by Mlynarski was the number used for presentation by Ormonde Joiner.

"Forsaken" by Winternitz, and "Spanish Serenade" by Kreisler were played by Meredith Ashby.

Ruth Strain appeared on the program last, bringing two numbers, "Schon Rosmarin"—Kreisler, and "Mazurka de Concert" by Musin.

He: "Mable says she thinks I'm a wit."  
She: "Well, she's half right."

## Canyon Program

(Continued from first page)

of men said that boarding conditions for men have been revolutionized in Canyon during the past seven years, and that the credit for this change should go to the people of Canyon who realize that boys must have pleasant and comfortable places in which to live if they are going to return to Canyon year after year. Dr. Cook reminded his audience that there were more boys in college last year than ever before and said that a reputation for friendliness to young men would do a great deal to increase the number who chose this town as their college home.

The Canyon School Board was represented on the program by Dr. Albert Barnett, in the absence of Dan Sanders, the president of the board. Dr. Barnett said "Canyon has a public school system that is equalled by very few towns in the state of Texas, and it has many outstanding features which are not found in many schools of towns much larger than this." The Canyon public school spends about \$60,000 each year, 80% of which is raised in Canyon. The Canyon School Board feels that there is very little complaint about school taxes here, and it is making an effort to keep the schools up to their present efficiency without increasing the budget during the next two or three years.

There are 160 girls boarding houses in Canyon, according to Mrs. Geraldine Green, Dean of Women. These are comfortable modern houses in which girls can do good work. One of the problems which constantly confronts the college faculty, according to Mrs. Green, is that of finding work for students who must make a part or all of their expenses. It was stated that there are more than 100 girls who are now trying to find places to work during the coming school session. An example of the faith which students have in themselves and the people of Canyon was that of a girl who said, "I have a place to work for my room and my noon meal. I am coming to college, and risk getting clothes and other meals somewhere." Mrs. Green commended the housewives of the city for their fine co-operation and for the great amount of assistance which they give to students.

Dean R. P. Jarrett was spokesman for the City Commission. Some of the desirable possessions of a good town according to Dr. Jarrett, are an abundance of pure water, well paved and well lighted streets, well built homes, provisions for the health and welfare of the citizens, and good roads into adjacent territory. Canyon has available approximately 1200 gallons of water per minute, 700 gallons from the city wells and 500 gallons from the college wells. These two supplies can be thrown together at a moment's notice if the need arises. This means that Canyon is unusually well protected from disastrous fires. Dr. Jarrett emphasized that the business interests of Canyon, the development of the college and the general welfare of the people who make this their permanent home are interlocked and that anything which disturbs one of the three is hurtful to the others.

At Mr. Kunze's request, Dr. Hill brought the meeting to a close with a short summary of the points brought out by the other speakers and with an optimistic statement concerning the outlook. Dr. Hill urged that people of Canyon realize that they have more advantages than those of any other town of its size in Texas, and that they plan to keep the place they have built for themselves.

When the meeting closed there were expressions of satisfaction with the program, and a great number voiced the wish that there might be more such meetings with a larger attendance and with different people leading the discussions each time, so that all the citizens might know the point of view and problems of the people who are making Canyon.

The Ex-Students' Association and the Chamber of Commerce join in thanking the Methodist Church for the use of the seats and the lights, Mr. Strain and the College band for the music, and those who took part on the program for their kindness for participating.

The meeting was attended by about one hundred twenty-five people. The meeting lasted about

an hour and a half. The speeches were well-handled and to the point. Mr. Kunze said.

## National Guard

(Continued from first page)

bringing death if not quickly and properly treated. The incendiary is only an harassing gas, the commonest of which is tear gas. The killer is a deadly gas. Chloride is the commonest of this type. Instructions were given on conditions of weather and terrain most favorable to the uses of these various gasses, the ways of recognizing them and the use of the gas mask. The company was gassed lightly for their benefit but few of them appreciated the experience.

An interesting feature of the camp will be a bivouac and sham battle lasting about twenty-four hours, scheduled for the coming week. This will include a twelve mile hike.

West Texas State Teachers College contributes twenty-eight men to Company F this year. Among them are: Capt. William E. Lockhart and 1st Lieut. Thomas H. McDonald, officers; Sergeants Glen M. Daugherty, Alfred R. Donnell and Seth R. Rollins; Corporals Arthur H. Jennings, Kenneth L. Britt, Winfred H. Fowler and James G. Boland, non-commissioned officers.

Canyon High School contributes eighteen men to the company. The company will entrain for Canyon Saturday, August 16, and arrive there probably in the early afternoon Sunday.

Company F is making an unusually good showing in the annual encampment this year, despite the fact that one officer and almost the entire personnel of non-commissioned officers are new to the duties of their ranks.

The duties of the 2nd Lieutenant are being capably handled by Delphin D. Lippard, who received his commission in Canyon only a short time ago, by examination. Lieutenant Lippard has been a member of the company for several years, having risen to the rank of Sergeant before taking the examination for a commission.

Normal R. Clauch is First Sergeant of the company this year. Sergeant Clauch has been a member of the company two years and made the encampment last year as a Corporal. Clauch was made First Sergeant ten days before the encampment this year.

Like Clauch, every other Sergeant of the company are making their first camp in that rank. The personnel includes Robert Boling, Supply Sergeant, Charles R.

Rowe, Mess Sergeant, Seth Rollins, Glen M. Daugherty, Albert F. Faris, Alfred R. Donnell, and Fagan Tillman.

## Schools

from her regular classes. M. Kiker was selected as head janitor for the school system. He will be in charge of the buildings for the entire year and has taken care of the grounds during the vacation period. He will be assisted during the regular school term by W. W. Kirkpatrick.

There are about eight hundred and forty scholastics in the Canyon Independent School District, according to J. W. Shanklin, secretary of the school board. This is a decrease to those last year, because the new age limit last year allowed many more, whereas the number this year will be about the same as in previous years.

## AGRICULTURE DEPARTMENT SPONSORS CAMP FOR BOYS

The Agriculture department of the College is sponsoring a camp for boys of Northwest Texas who are enrolled in vocational agriculture projects or who are interested in this type of work. The three day camp will open at the Baptist camp grounds, in Ceta canyon twenty miles southeast of Canyon on August 20, with Prof. Frank R. Phillips, head of the department, in charge.

The afternoons of August 20 and 21 will be spent in swimming, games and contests ending with activities around the campfire. August 22 will be spent at the Tierra Blanca farm, the State College farm, and on the campus of the College. Dairy cow judging, and hog judging will be features, and students of the college will assist in entertainment of the visitors.

Prof. D. H. Taylor of Tulia, V. H. Hopkins of Hereford, president of the Four County Agricultural Council, and L. J. Young, former president, are assisting in the formulation of the program.

## THREE STUDENTS DRIVE FROM HAPPY DAILY

Beth, Merle and William Fowler of Happy, have driven 35 miles every week day in order to attend school in Canyon. They are the children of O. M. Fowler, a merchant of the near-by town. They could not afford to pay board away from home so they used the family car to enable them to attend college.

At the beginning of the fall session two other students will make the trip each day with the Fowlers, thus reducing expenses for all of them.

If there were paved roads in every direction from Canyon the attendance at the College would be greatly increased. The paved road to Amarillo, has increased the attendance from that city three hundred per cent.

In the absence of the pastor of the Methodist church in Happy, Miss M. Moss Richardson spoke Sunday morning to the congregation. The subject of Miss Richardson's talk was "Growth."

COMMISSIONERS MEET The Commissioners Court met Monday and transacted the routine business. The next meeting will be in September.

L. R. Atkinson of Lark was a business visitor in Canyon Wednesday.

## FREE BOOKS FOR STUDENTS IS REDUCTION

W. T. FOLLOWS TREND OF OTHER TEACHERS COLLEGES.

Students Who Wish to Own Books Will Be Allowed to Purchase Them.

The West Texas State Teachers College has for several months anticipated the financial difficulties which would prevail this fall and accordingly got ready to reduce expenses for the students who will be in attendance at the college. The reduction has been made by providing free text books.

The plan was announced by Dr. J. A. Hill president of the college provides for an optional fee of six dollars per term which gives the students free use of basic texts in all his courses, a subscription to the college paper, admission to all varsity athletic events on the college campus and to all lyceum numbers, debates and other inter-collegiate literary contests, as well as the privileges of the college golf course.

While a small fee, will give all these privileges, those who wish to own their text books will be allowed to purchase them.

A careful study of student budgets during the past year has revealed that young men and women may attend a three-months term of the West Texas State Teachers College with a total expenditure of from \$96 to \$128, and those who wish to do their own housekeeping and laundry, or who can secure some of their supplies from home can get along with considerable less. A few students spent as little as \$60 a term during last year and prices of staples are lower now than then.

In making his analysis of the present situation and its needs, Dr. Hill said, "Young men and women can go to college in Canyon for very little money. On the other hand, those who have money to spend are close enough to a city to avail themselves of all recreational and cultural advantages without inconvenience."

Knox Kinard of Oklaunion and Ashley Light of Vernon spent the week-end in Vernon.

## GLASS TO BE HEAD OF BONHAM SCHOOLS

Herman A. Glass, a graduate of the College in the class of 1926, and formerly a member of the college faculty, has just been elected superintendent of the Bonham, Texas, public schools.

Since 1919, Mr. Glass has been a teacher in the public schools of Wichita Falls, where for twelve years he has been principal of the Zundelwitz Junior High School, which was organized under his direction, being Wichita Falls junior high school. In April of this year the Zundelwitz school was named by the National Education Association as one of the twenty-five outstanding junior high schools in the United States, being the only one in Texas to appear on this list. Other authorities have repeatedly mentioned Mr. Glass's school as being outstanding.

Mr. Glass has many friends in Canyon who will be interested in his success. He formerly lived at McLean and several members of his family have attended college here.
